Do You Have a Registered Domain Name?

What is a domain name?

A domain name or URL (Universal Resource Locator) is your address on the Internet. It is best to keep this short and simple and as close to your business name as is available. (Example: www.yourdomain.com)

___ Yes, it is: _____

Registered through: _____

Username: _____

Password: _____

___ No, I would like:

First choice: _____ .com / .org / .net

Second choice: _____ .com / .org / .net

Third choice: _____ .com / .org / .net

Desired Login: _____

Desired Password: _____

Business Description – Please describe your business in 25 words or less. This will be imbedded into the code of your web site (invisible to the viewer, yet accessible to search engines) to communicate your site's description to search engines.

Keywords – Please compile a list of keywords that best describe your business. Keywords are words that prospective visitors enter into the "search for" box when trying to find your site. Again, these keywords are invisible to the viewer and accessible to search engines.

Pricing per Page:

Home Page/Concept Design	\$400
Other Pages (up to 6 images/page)	\$250
Text Pages	\$100

Hosting:

Free Hosting with Domain Registration
